

CAMPUS SECURITY REPORT 2010

Campus security and safety is an important feature of education, and East West College (EWC) is committed to providing students a safe environment in which to learn and to keep students and employees well informed about campus security. These goals are advanced by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. It is the policy of the College to provide a safe, healthy, and productive educational and work environment for its students and employees. This report explains how the College reports and handles crime and emergency situations on or near College property. The report contains information about crimes committed on or near campus during the last three years, and about the school's policies regarding campus security.

CAMPUS SECURITY PRACTICES

EWC encourages students to be alert and safety-conscious, and to use common sense in keeping themselves and their belongings secure. Students should avoid leaving personal belongings unattended. Lockers are available for students, and students are encouraged to lock up valuables while on campus. Bikes should be locked to racks with heavy-duty locks at all times, and vehicles should also remain locked with valuable items out of sight.

The College takes security of and access to all campus facilities seriously. To this end, the College employs the following security methods:

- a. Access to the building is by key card after business hours.
- b. Facilities staff does a complete walk through the building at closing.
- c. Facilities and maintenance staff are trained to address potential security problems.
- d. Each school area is individually keyed.
- e. All file cabinets are secured with locks.
- f. All keys issued to employees are signed out and authorized.
- g. Emergency numbers are posted at the Reception and Student Services Office desks.

CRIME PREVENTION PROGRAMS

At orientation, students receive information about personal safety and theft prevention. Students who wish to have additional information about crime prevention strategies or referrals to crime prevention workshops should contact the Dean of Students.

CAMPUS LAW ENFORCEMENT

As the campus is generally very safe, EWC does not employ campus security personnel, however, crimes are promptly reported to the local or state police authorities as appropriate.

CRIME REPORTS

Any crimes occurring on or near the EWC campus should be reported as quickly as possible to the Dean of Students, either in person or at 503-233-6500 x214. If you observe or are a victim of a crime, please report the (a) type of incident, (b) location of incident, (c) description of the person or person's clothing and physical features, (d) the person's direction of travel and description of any vehicle, and (e) date and time of the incident. EWC supports confidential reports made by victims or witnesses, and reporters can be assured that their reports will remain confidential.

To report a crime in progress or any other emergency occurring on the EWC campus or its surrounding areas to local law enforcement, call 911 from any private or pay phone. City of Portland emergency dispatchers are

available 24 hours a day, and will send the appropriate law enforcement or emergency personnel to all reported criminal, fire, or ambulance calls.

TIMELY WARNING

The College provides timely warnings to alert the campus community about crimes that pose a serious or continuing threat to safety. These warnings are provided to all faculty and staff by the Dean of Students. They are also posted on bulletin boards throughout the College.

ANNUAL DISCLOSURE

The disclosure of crime statistics on and near the campus will be distributed annually to the college community via a printed Campus Security Report. This report is compiled by the Dean of Students, who serves as the official Campus Security Officer. The report is published on October 1 of each calendar year, and includes confidential reports made by victims or witnesses.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

EWC has developed an emergency response and evacuation procedure for significant emergencies or dangerous situations occurring on campus which pose an immediate or on-going threat to the health or safety of students, faculty and staff. Emergencies or dangerous situations include but are not limited to: gas leaks, fires, earthquakes, severe weather, accidents or violent or criminal behavior.

All members of the EWC community are urged to call 9-1-1 in case of any situation or incident on campus that involves a significant emergency or dangerous situation which poses an immediate or on-going threat to the health or safety of students, faculty or staff. In addition, when possible, information should also be forwarded to the Reception Desk, the Student Services Office Desk or a member of the EWC Emergency Response Team (ERT) which consists of the Director of Finance, the Director of Education and the Facility Manager.

Upon receiving information regarding an emergency or dangerous situation that poses an immediate or on-going threat to the health and safety of students and/or employees on campus, the ERT will convene and conduct an assessment to verify the situation and determine the level of severity. Following this assessment, the ERT will determine who to notify (the entire EWC community or just an affected portion), determine the content of the notification and begin the notification process. As appropriate, the ERT will contact the Portland Police Bureau and/or the Portland Fire Department for assistance in responding to the situation. The ERT will, without delay and taking into account the safety of the EWC community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the ERT, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In case of an emergency or dangerous situation, students, faculty and staff will be immediately notified through some or all of the following methods: fire alarms, network emails, on-campus voicemails and postings on the EWC website (<http://www.eastwestcollege.com>).

Emergency evacuation procedures and exit routes are posted throughout the EWC building. The EWC Emergency Response and Evacuation Plan is posted on the EWC website, and distributed to all members of the EWC community on an annual basis as part of the Campus Security Report.

EWC tests the emergency response and evacuation procedures on at least an annual basis. The EWC Facility Manager maintains records of these tests, which detail the date, time and description of the test, and whether it was announced or unannounced.

EWC publishes annually the “East West College Drug and Alcohol Policy” report, which it distributes to students as part of the Student Handbook. This report is also available to current and prospective students and to employees upon request.
